IN MEMORY OF MRS. NANCY F. FLEMING.

On the morning of the 12th of March the north wind visited the home of Mr. William Darby and claimed his wife as its own.

She was sick only eight days. She bore her suffering with the greatest patience, and gave her soul to God. Everything was done for her that human hands could do.

She was married to Mr. William Darby first, and made her home for many years in Coffee County. She was married the second time to Mr. Alex Fleming, an old Confederate Soldier. They made their home in Coffee County for the past eighteen years.

She was born February 15, 1867, being 61 years old her last birthday. She leaves to mourn her death one son, William Darby, who lives near Elba, and one sister, who lives near Milledgeville. She was laid to rest in Evergreen cemetery on March 13th. Funeral services were conducted at her home by Elder Jack Mitchell. Her tender smiles shall not be forgotten.

—Written by a Friend.

During the last 14 years the value of stock in the General Motors Corporation has increased more than nine thousand per cent, according to recent press dispatches.

CARD OF THANKS.

We wish to thank the people of New Hope community for their kindness during the sickness and interment of our mother and sister, Mrs. N. F. Fleming. We will always remember you and pray God's richest blessings upon you all.

Willie Darby and Wife,  
Mrs. Sarah A. Cox.

**MEMORIAL HOSPITALS TO REACH EVERYBODY**

Two Great Modern Institutions Among Finest in Country To Serve All Alabama and West Florida

When nearly eight years ago a group of Montgomery citizens decided to erect a memorial hospital by popular subscription in commemoration of that city's soldier dead, they little dreamed that they were laying the foundation of two of the finest hospital plants in the South which will serve the people of the whole state of Alabama and of western Florida.

When the new and other contemplated improvements to the Memorial Hospital located in Montgomery are completed and the new hospital is opened, it will give the people of the whole state of Alabama and of western Florida the best of the best of hospital care.

Maintenance Provided For.

As in the case with practically all great hospitals, these two modern institutions are entirely dependent upon the public for the capital investment required for their construction and expansion. Hospitals are not money-making institutions. So great a percentage of their income goes to necessary charity service that the mere problem of making both ends meet often presents insurmountable difficulties. The money to build and maintain these hospitals must be given without thought to return in dollars and cents. The public gets its return out of hospitals in the form of health protection, health preservation, and health service when it is most needed.

While most hospitals must also rely upon public contributions to make up the small deficit in their maintenance costs, the new Memorial Hospital serving Alabama and West Florida will be put to rest in its new home with the capital for their construction and expansion has been secured. The public will not be called upon to keep these hospitals going, adequate provision for their maintenance, from another source, having been made.

Serve All Alabama and West Florida

About \$100,000 was raised in 1921 to start the contemplated veterans' hospital. It is now under construction and is expected to be ready for occupancy in the fall of 1923.

It is the desire of the Memorial Hospital of Alabama and West Florida to serve the people of Alabama and West Florida without distinction of race or color and to be a haven of refuge for the needy afflicted.

For more than three years the Memorial Hospital has fulfilled this mission, until its facilities have become so crowded that the demand for additional space

them. During 1921 to 1923 there have been 100 cases of malaria in Alabama and West Florida. More room is needed to accommodate a greater number of charity patients than the Memorial Hospital can now accommodate. It is one of the most important problems of the day.

"Modern Hospitals for Modern Times"

The plan of the Memorial Hospital, practically doubling the bed capacity, a separate hospital for colored patients, a laundry plant, and a central heating system. To take care of the people of northern Alabama, a fine new Memorial Hospital, complete in every respect, is to be constructed in Birmingham. Each of these two projects calls for an expenditure of \$400,000, to be raised between April 1 and 31 in the respective territories served.

Realization of the program will give Alabama and West Florida two of the finest public, non-sectarian, hospitals in the country, available to all the people of this region at all times and seasons in all respects as "modern hospitals for modern times."

For campaign purposes, Alabama and West Florida have been divided into 24 counties, each having as its chairman an outstanding citizen of that district. The list of these chairmen includes the following well-known names:

Albionville: Judge R. H. Williams, of Guntersville.

## Embodiment every modern feature of Advanced Automotive Design!

No matter what you pay for a motor car, you cannot buy more modern design, more proved performance or more advanced engineering than is offered in the Bigger and Better Chevrolet! Every unit of this remarkable car has been developed by engineers and scientists who are specialists in that particular technical field, and its quality, stamina and performance have been proved by tens of thousands of miles of testing at the General Motors Proving Ground! Come in and see for yourself! The more you know about engineering—the more quickly will you be convinced that here is quality in design, materials and construction never before available at such low prices!

# IN MEMORY OF ORION DOBBINS.

Orion Dobbins, son of Mr. and Mrs. F. N. Dobbins was claimed in death by God in his infinite mercy on March 19, 1925. Orion was 10 years, 9 months and 17 days of age. The home has lost a devoted son and the school a much loved pupil. We shall miss his sweet smiles and the sound of the voice that rang so clear and true. But our sweet and consoling thought of our loved one after he has been gathered into the garner of our Lord, is that his lives have been a life of usefulness and contentment, and that he will be "faithfully and of Orion. Why so promising a boy as Orion, should be taken from us so early, we cannot understand, but we know he lived by faith we bow in humble submission and say, "Thy will be done."

Think not of the fearful parting. For beyond death's turbid tide, We will one day meet our loved ones. Heaven is on the other side.

He is not dead, this friend of our affection, But some unto school where he no longer needs our protection. And Christ himself said, "I will be with you until the end of the age."

—A Friend.

Editor J. H. Shelton, of the Enterprise Ledger, was a visitor in Elba Monday afternoon.

Miss Ella Stephens was in Opp during the week end visiting Miss Bernadine Nix.

Houston, Texas. An unnamed stranger walked into the De Polito Bath House for Children here recently, said his name was Gould, and asked to see the children.

Most of them were in school, but when they appeared there was a young man with them, whom they recognized from his last visit three years ago. He was Edwin Gould, son of Jay Gould, the financier.

Gould gave the home \$5,000 three years ago, and since has sent money clothing, toys, food and books at regular intervals.

He explained to the children that he was going from New York to the West Indies, and on reaching New Orleans had decided to stop the home a visit.

# YOUNG BOY IS CHARGED WITH KILLING FATHER.

Alpharetta, Ga., March 19.—A simple story that he killed his father to save his own life was told today by Marvin Barrett, aged 12, who is being held here on a charge of murder. The body of his father was discovered on the floor in his home with the top of his head blown off by a shot gun.

The boy said his father commanded him to get the gun, that he was going to kill him and his sister and two brothers. Instead, he shot the father and then fled with his sister and brother to his uncle's home in Cumming, near here.

Mrs. L. A. Boyd, of Montgomery, and Mrs. E. S. Boyd, of Atlanta, Ga., who were in the city on business, were with Mrs. M. J. Murphy.

But our sweet and consoling thought of our loved one after he has been gathered into the garner of our Lord, is that his lives have been a life of usefulness and contentment, and that he will be "faithfully and of Orion. Why so promising a boy as Orion, should be taken from us so early, we cannot understand, but we know he lived by faith we bow in humble submission and say, "Thy will be done."

Think not of the fearful parting. For beyond death's turbid tide, We will one day meet our loved ones. Heaven is on the other side.

He is not dead, this friend of our affection, But some unto school where he no longer needs our protection. And Christ himself said, "I will be with you until the end of the age."

—A Friend.

Editor J. H. Shelton, of the Enterprise Ledger, was a visitor in Elba Monday afternoon.

Miss Ella Stephens was in Opp during the week end visiting Miss Bernadine Nix.

Son of Jay Gould

Opp's Benefactor

Houston, Texas. An unnamed stranger walked into the De Polito Bath House for Children here recently, said his name was Gould, and asked to see the children.

Most of them were in school, but when they appeared there was a young man with them, whom they recognized from his last visit three years ago. He was Edwin Gould, son of Jay Gould, the financier.

Gould gave the home \$5,000 three years ago, and since has sent money clothing, toys, food and books at regular intervals.

He explained to the children that he was going from New York to the West Indies, and on reaching New Orleans had decided to stop the home a visit.
